

This group prepared for take-off on the hill behind the town arena Saturday afternoon. The fearless group was made-up of left to right, Kimberly Murphy, Matt Millson, Stacey Murphy, Bonnie Millson and Brian Millson.

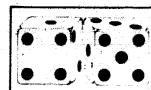

4-H "Milk Makes It"

Chocolate milk comes from brown cows! Sherbet has fewer calories than ice cream, and dairy substitutes are better than dairy products.

These are a few of the many myths surrounding dairy products that are featured in the new 4-H project "Milk Makes It."

During a seven-week course, members will venture into dairyland and discover many interesting facts about a variety of dairy products. They will learn how dairy products are made, the importance of dairy products in the diet, and how to shop for, store and cook with them.

All members will be interested in "Milk Makes It." 4-H is open to young people aged 12 to 21.

—Did you know that 1 in 20 Canadians is a carrier of a "defective" gene causing cystic fibrosis? Chances are 1 in 4 that a child born of two parent carriers will have CF.

Holstein Breeders Association elects officers

The annual meeting of the Lanark Holstein Breeders Association held at Carleton Place on Dec. 10th, elected John Loefflang of Leela Farms, Perth to the office of president for 1986 succeeding Frank Paul of Mount Blow Farms, Almonte.

Earle Snedden, Mississippi Farms, Almonte, was elected vice president and RS Lowry, Penlow Farms, Almonte was voted in as second vice president. RA Snedden, Sneddenholm Farms, was returned as secretary-treasurer.

The breeder members elected Paul Brader, Perth

and Dr J Ferrier, Perth as first time members to the board of directors, to fill the vacancies created by John Miller, Perth and Joe Kennedy, Pakenham who retired from the board.

Other members returned to the board of directors were: R Drummond, Smiths Falls; Don Bell, Balderson; Clayton Pirie, Pakenham; Glen Lawson, Pakenham; Susan VanAndel, Perth; Norm Porter, Smiths Falls; Don Oliver, Perth; John E James, Almonte; Henry McFarlane, Lanark; Max McIlquham, Lanark; Jim Foster, Carleton Place;

Peter Nanne, Pakenham; Alf James, Almonte. Winners of the Production Awards, presented by RA Sulphur Insurance to owners of the top two producing cows in each age class, were won respectively as follows:

Five year old: George Gardiner, Carleton Place, Drummond Bros, Smiths Falls.

Four year old: Alf and Lila James, Almonte, Don and Sharon Bell, Balderson.

Three year old: Spenceholm Farms, Perth, Joe Kennedy, Pakenham.

Two year old: Elmcrest Farms, Perth, Jackbrae Farms, Ashton.

The composite BCA (Breed Class Average) for each of the winning cows ranged from 188.5 to 217.1, outstanding production levels.

Guest speaker for the occasion was Peter English, livestock advertising manager for the Holstein Journal. Mr English was very forthright in describing to the well attended meeting those effective promotion techniques breeders can use to merchandise Holstein cattle.

New meat quotas on imports

Agriculture minister John Wise and the minister for international trade, James Kelleher, recently announced they are taking action to maintain the authority to apply quotas on beef and veal imports in 1986.

The ministers have decided to impose and then immediately suspend a restriction on the quantity of fresh, chilled or frozen beef and veal that may be imported in-

to Canada during 1986. This measure, taken under the authority of the Meat Import Act, will then permit the regulation of these imports into Canada during the next calendar year, should such action be necessary.

"This will keep open the possibility of regulating beef and veal imports into Canada under the Meat Import Act later in the year," Mr Wise said.
